## PAG open houses set for early November for public review, feedback on regional transportation projects

Every four years, Pima Association of Governments updates its long-range regional transportation plan and seeks public comment. Draft details of the 2045 Regional Transportation Plan will be available for review during open houses scheduled next month throughout the region:

**4 to 6 p.m., Wednesday, Nov. 4**

Randolph Golf Course Clubhouse  
600 S. Alvernon Way, Tucson

**4:30 to 6:30 p.m., Monday, Nov. 9**

Wheeler Taft Abbett Sr. Library  
Large Conference Room  
7800 N. Schisler Drive, Tucson

**9:30 a.m. to 12:30 p.m., Friday, Nov. 13**

Joyner-Green Valley Library  
Large Conference Room  
601 N. La Cañada Drive, Green Valley

**11 a.m. to 2 p.m., Thursday, Nov. 19**

University of Arizona  
Student Union, Kiva Room  
1303 E. University Blvd., Tucson

Projects identified in the 2045 Regional Transportation Plan are fiscally constrained based on

--MORE--

projected long-range funding resources and represent projects planned over the next 30 years. Projects from Pima Association of Governments' 5-year transportation improvement program (TIP) are included within the long-range plan. PAG and its member jurisdictions update the TIP each year as projects in the first year of the TIP are implemented.

Projects in the Regional Transportation Authority plan also are included within the RTP. The 2045 RTP assumes that RTA funding would be extended for projects anticipated after FY 2026. The 2045 RTP includes multimodal projects to improve the region's transportation network. Highlights of plan include:

- Significant recommended investments in maintenance and repair to improve the condition of roads and streets
- Increased capacity of the interstate system, including an extension of Barraza-Aviation Parkway (State Route 210) to connect with I-10 south of Davis-Monthan Air Force Base
- Expansion of the bike network and improvements to pedestrian infrastructure region-wide
- Bus Rapid Transit on major regional corridors
- Road capacity expansion at critical locations
